

KEEP IT
PRIVATE

CEOs, CTOs
executives,
defense officials,
scientists,
attorneys,
consultants,
financial heads,
wherever there's
information that needs to
stay private, you need a 3M
Privacy Filter to keep it truly
confidential

with

3M™ Privacy Filters

**Protect your confidential
on-screen data from prying eyes!**

CONFIDENTIAL

The **3M Privacy Filter** is the most reliable way to ensure that the information on your desktop or laptop screen is seen only by you, and not by those around.

It's an invaluable tool for those who deal in any sort of information that needs to stay confidential, especially when in public places, in meetings & even in the office.

what you see

what they see

More than just Privacy

- ' Improves contrast and blocks ambient light. Desktop models also reduce glare by 95% and radiation by 99%.
- ' Reduces static charge & dust.
- ' It attaches & detaches easily, stays in place even when your laptop is closed, and provides physical protection to your screen.
- ' Comes with a Lifetime Warranty.

Models available for both laptops & desktops.

For laptop screens 12.1"/13.3"/14.1"/15"

How 3M Privacy Filters work

3M's patented **advanced microlouver technology** works like tiny venetian blinds, blocking out ambient light and narrowing the view angle of a computer screen - so that only the eyes directly in front can view on-screen data clearly, while those alongside stare at a blank, dark screen.
